> profile

Higher Vocational Diploma in Multiplatform Application Development (DAM) and 3rd-year Full Stack Software Development student at UDIT. Front-end and back-end experience (React, Astro, Laravel, Java) in team projects using Git and Docker, and 4th prize at the OdiseIA4Good hackathon with MedScan. Looking for an internship with the option to continue part-time alongside my studies.

> experience // development

Web Developer Intern · Anexia Tecnologías (vocational training internship) — Mar 2025 → Jun 2025

- Built a new version of the technology department's website with **Astro**, learning the framework from scratch (internal training project).
- First experience in a real professional environment: version control with **Git**, teamwork and deadlines.

> projects

MedScan · AI app to prevent medication errors `4th prize OdiseIA4Good` — 2026

- **React** front end and back-end integration (team of 5): medication scanning, drug database and AI chat.
- 4th prize at the OdiseIA4Good hackathon, featured on **RTVE, Antena 3 and El Español**, among other Spanish media.

VirtualpH · CSIC · university project in progress (Spanish National Research Council) — 2026 → present

- **Front-end lead** (Electron, React, Laravel, Docker).

More projects (REST APIs with Laravel, SQL and NoSQL databases, local AI…) at github.com/alexxblaro16.

> stack

daily use	`Java` `JavaScript` `React` `Astro` `Laravel (PHP)` `Python` `MySQL` `MongoDB` `Git & GitHub` `Docker`
also	`TypeScript` `C++` `HTML/CSS` `Tailwind` `Electron` `Spring Boot` `FastAPI` `Node.js (Express)` `Django` `PostgreSQL` `Redis` `SQLite` `GitHub Actions` `Linux` `Scrum` `Ollama` `YOLO`

> education

Degree in Full Stack Software Development · UDIT (Madrid) · 3rd year — 2025 → present
Higher Vocational Diploma in Multiplatform Application Development · MEDAC Albalá (Madrid) — 2023 → 2025
Science Baccalaureate (upper secondary) · IES Tierra de Campos, Villalpando (Zamora) — 2021 → 2023

> additional_training

- **Erasmus+ BIP in Tallinn (Estonia)** · intensive programme in English on employability and AI · April 2026.
- **AI hackathons:** OdiseIA4Good (MedScan, 4th prize) and IndesIAhack (CityScan, computer vision with YOLO for an ACCIONA challenge).

> languages

- **Spanish:** native.
- **English:** B1 (Trinity College London). Preparing for Cambridge B2.

> availability

Internship or part-time, compatible with my studies; schedule to be agreed.

> other_experience // customer service and teamwork

- **Sales assistant and technical service helper** · Reblán Electrodomésticos · summers 2021–2026.
- **Supermarket staff (multiple roles)** · Supermercados Lupa · Jun 2025 → Sep 2025.
